SUMMARY

Web Developer and Technical Support Specialist with 6+ years of experience working with WordPress-based products and supporting customers worldwide. Skilled in WordPress, PHP, MySQL, website troubleshooting and plugin integration. Experienced in investigating complex technical issues, resolving plugin conflicts, developing custom solutions, and collaborating with engineering teams to deliver high-quality, reliable solutions. Strong communicator with a proven ability to document technical work, manage client-facing interactions, and take ownership of projects in remote environments.

WORK EXPERIENCE

Support Wizard (Technical Support Specialist), Gravity Wiz

Dec 2024 - Jun 2026

- Resolved complex WordPress, PHP, and Gravity Forms issues for customers through remote technical support.
- Investigated plugin conflicts, hosting environments, server-related issues, and caching-related issues to identify root causes and provide effective solutions.
- Collaborated closely with developers to reproduce bugs, document findings, and validate fixes.
- Authored customer-facing documentation and internal knowledge base articles.
- Managed high-volume support queues while maintaining strong customer satisfaction and response quality.
- Assisted customers integrating Gravity Forms with third-party services, APIs, and payment gateways.

Project Manager, Gravity PDF

Jul 2019 - Dec 2024

- Managed client projects from requirements gathering through implementation and delivery.
 - Provided advanced technical support for WordPress and Gravity Forms customers worldwide.
 - Coordinated with developers, designers, and customers to deliver custom PDF solutions.
 - Diagnosed and resolved complex plugin and PDF-generation issues.
 - Maintained client relationships and ensured successful project outcomes across multiple concurrent engagements.
 - Contributed to product documentation, testing, and process improvements.
-
